What Makes the Natural REM Products Unique?

At Natural REM we provide the ultimate high quality all natural skin care, spa, wellness and pet products. We have a team of leading researchers and formulators from around the world whose philosophy is to use only the highest quality nutraceutical, herbal and hemp extract based ingredients in all our products - and this attention to detail shows.

All ingredients we use meet the highest standards (GMP). All our products are natural, and our formulations are science based. Our focus on using only the highest quality all-natural ingredients, partnered with our cutting edge, science-based formulations provides our product line with an elegance and effectiveness beyond compare.

No Parabens

No Animal Products

No Synthetic Chemicals

Combining Nature & Science

Our team has achieved the perfect blend of both ancient wisdom and modern science in this remarkable line of skin care products, as well as in our health and wellness products.

Taking all-natural goodness to the levels of effectiveness never before achieved. Our ground-breaking advancements in nutraceutical formulation have set new benchmarks in skin care, as well as health and wellness products.

Over 4 Decades Experience

Since 1971 our lead formulator has dedicated his life to developing health and wellness products, and teaching wellness concepts. He has had the privilege of working with over a dozen of world class mentors in science.

SPA COLLECTION

SPA COLLECTION

Body & Foot Mask

Combination of Himalayan bath salts, CBD, and essential oils gently buffs away dead skin cells while nourishing, detoxifying, and hydrating the skin.

INGREDIENTS:

Water, clays of: kaolin, bentonite; B.C. colloidal marine clays, MSM (plant sulphur), glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), vitamins A, D & E, hemp (CBD), oils of: sunflower, aloe, coconut, jojoba, rosehip, rose germanium, ylang ylang; plant trace minerals.

Bath Soak

Healing combination of Himalayan bath salts, CBD, MSM, magnesium, and lavender. Designed to therapeutically reduce anxiety, pain and stiff muscles.

INGREDIENTS:

Himalayan sea salt, clays of: kaolin, bentonite; B.C. colloidal marine clays, oils of: sunflower, aloe, coconut, hemp (CBD), jojoba, seabuckthorn; essential oils of lemongrass and lavender.

Salt Scrub

Combination of Himalayan bath salts, CBD, and essential oils. Designed to cleanse and rejuvenate by gently exfoliating the skin.

INGREDIENTS:

Himalayan sea salt, oils of: sunflower, aloe, coconut, jojoba, hemp (CBD).

Massage Oil

A great combination of CBD, aloe, coconut, sunflower, jojoba, seabuckthorn, rosehip, rose germanium, ylang ylang. Superior glide. Promotes healing and healthy skin.

INGREDIENTS:

Sunflower oil, aloe oil, coconut oil, jojoba oil, hemp oil (CBD)

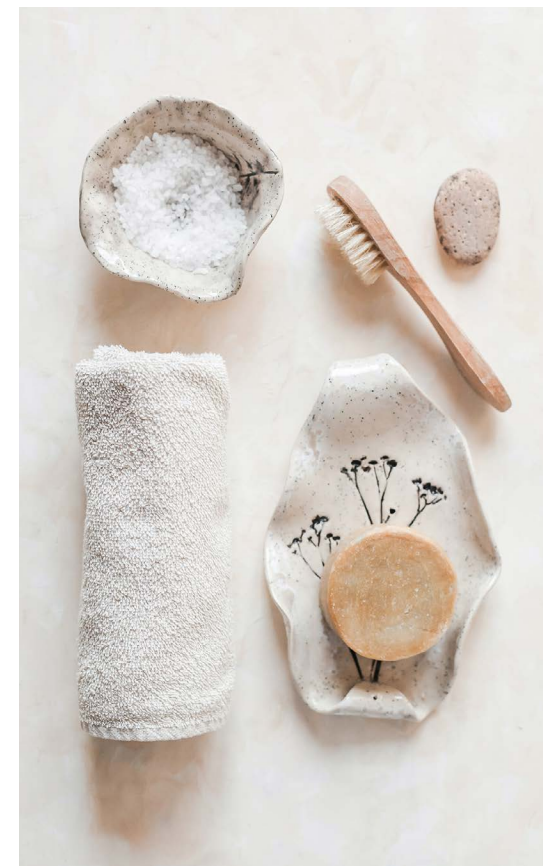

Muscle & Joint Roll On

Soothing muscle & joint roll-on provides pain relief, and also help improve skin health.

INGREDIENTS:

Water, MSM (plant sulphur), sunflower oil, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils of: wintergreen, lavender; full spectrum hemp extract, chamomile, vitamins A, D & E, plant trace minerals.

CLAYS FOR MASKS

BC Glacial Marine Clay:

Exfoliates dead skin cells, stimulates blood circulation, and feeds your skin with more than 30 minerals. This rich mineral content has been shown to help to slow skin aging, while rejuvenating the complexion and renewing skin elasticity.

The amazing absorptive abilities of glacial marine clay along with its strong net negative ion charge which attracts positively charged bacteria makes it very effective in detoxifying and deep cleansing the skin.

Bentonite Clay:

Renowned for its significant beauty benefits, Bentonite Clay draws impurities from the deeper layers of the skin to the surface. An excellent exfoliant which helps rid the skin of dead cells while improving blood circulation to the skin. Many skin conditions, including acne, eczema, and rashes are benefited by the healing properties of Bentonite Clay.

Kaolin:

Detoxifies the skin while replacing minerals and improving skin tone without dryness or irritation. Exceptionally absorbent, French kaolin clays significantly improve smoothness by tightening skin pores and balancing oiliness. Effective in the elimination of blemishes.

SKINCARE & BEAUTY

SKINCARE & BEAUTY

Foaming Cleanser

A unique cleansing foamer infused with the therapeutic properties of CBD. Contains coconut extracts, non-abrasive cleansing agents, essential oils, and our special anti-bacterial organic plant acids (OPA Life).

INGREDIENTS:

Water, coconut extracts, lauryl glucoside, cocamidopropyl betaine, cocamide MEA; Guar Gum, aloe, vitamin E, CBD, lavender, lemongrass.

Facial Mask

A unique cleansing foamer infused with the therapeutic properties of CBD. Contains coconut extracts, non-abrasive cleansing agents, essential oils, and our special anti-bacterial organic plant acids (OPA Life).

INGREDIENTS:

Purified Water; Kaolin, Bentonite and B.C. Colloidal Marine Clays, MSM (Patented Plant sulphur), Sunflower oil, Glycerol Monostearate, OPA Life (Organic Plant Acids). Excellent for all skin types.

CBD:

- CBD helps stimulate cannabinoid receptors in the skin. Your skin has an abundance of cannabinoid receptors. Stimulating cannabinoid receptors helps with the preservation and regulation of your skin and its functionality.
- CBD has also been shown to interact with receptors in your brain and immune system. These interactions provide anti-inflammatory and painkilling results which help with pain management.

Vitamin C + HA Serum & Cream

Designed to meet the needs of all skin types. These skin renewal products blend Hyaluronic Acid with Vitamin C and therapeutic CBD.

- Restores the skin's moisture balance.
- Firms & hydrates.
- Revitalizes the skin.

INGREDIENTS (CREAM):

Water, MSM (plant sulphur), hyaluronic acid, vitamin C, oils of: , aloe, coconut, sunflower, jojoba, sea buckthorn, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils, CBD, chamomile, vitamins A, D & E, plant trace minerals.

SERUM CONTAINS TWICE THE POTENCY

VITAMIN C:

- Vitamin C is a vital molecule for skin health, an antioxidant, and assists in collagen synthesis.
- Has Beneficial effects on skin cells and may help prevent and treat ultraviolet (UV)-induced photodamage.

Ultra Moisturizing

Ultra-moisturizing serum and cream infused with the therapeutic properties of CBD. Ultra-Moisturizing Serum is double the strength of the cream and includes additional therapeutic oils. Face and body use.

- A nutritious blend of CBD, nutraceuticals, and carefully selected therapeutic oils.
- Blended with jojoba and sea buckthorn oils.
- Contains HA (hyaluronic acid), MSM (plant sulphur), and chamomile extract.
- Anti-Fungal, anti-bacterial organic plant acids reduce the signs of aging by removing unwanted bacteria which contribute to fine lines in the skin.

INGREDIENTS (CREAM):

MSM (plant sulphur), oils of: , aloe, coconut, sunflower, jojoba, sea buckthorn, hyaluronic acid, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils, CBD, chamomile, vitamins A, D & E.

SERUM CONTAINS TWICE THE POTENCY

Anti-Wrinkle - Retinol

Designed to meet the needs of all skin types. These skin renewal products blend Retinol with Hyaluronic Acid, therapeutic essential oils, and CBD to detoxify, clarify, cleanse and nourish the skin.

- Restores the skin's moisture balance.
- Firms and hydrates.
- Revitalizes the skin.
- Soothes inflammation.
- Assists cellular renewal.
- Boosts collagen production
- Robust concentrations of antioxidants are used to protect the skin from environmental damage.

INGREDIENTS (CREAM):

Water, MSM (plant sulphur), retinol, hyaluronic acid, oils of: aloe, coconut, sunflower, jojoba, sea buckthorn; thioctic Acid, Co-Q10, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils, CBD, DMAE, vitamins A,C, D, E, chamomile, plant trace minerals.

SERUM CONTAINS TWICE THE POTENCY

Stem-Cells & Peptides

Our Stem Cell & Peptides Serum and Cream products are created by combining our high potency skin care products with CBD and the latest scientific breakthroughs in anti-aging medicine. Extraordinarily efficacious for the removal of wrinkles and fine lines:

- Restores the skin's moisture balance
- Firms & hydrates
- Revitalizes the skin
- Soothes inflammation
- Assists cellular renewal
- Boosts collagen production

INGREDIENTS (CREAM):

Water, MSM (plant sulphur), plant stem cells & peptides, retinol, oils of: aloe, coconut, sunflower, jojoba, sea buckthorn; hyaluronic acid, thioctic acid, Co-Q10, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), CBD, essential oils, chamomile, DMAE, vitamins A, D & E, plant trace minerals.

SERUM CONTAINS TWICE THE POTENCY

Stem Cells:

Stem cells from Uttwiler Spätlauber - a 'super-apple' well-known for its ability to be stored for long periods of time without shriveling are integrated into our 'Plant Stem Cell Peptide' products. These stem cells enhance the longevity of skin cells and possess excellent age-delaying and anti-wrinkle properties.

Peptides:

- Promotion of collagen production
- This increased collagen production diminishes fine lines and wrinkles, producing a healthy youthful looking appearance.

HEALTH & WELLNESS

HEALTH & WELLNESS

Problem Skin Cream

Formulated for the treatment of challenging skin conditions. Our Problem Skin Cream provides relief for symptoms of such conditions as psoriasis, eczema, and rosacea. We incorporate our boutique-quality beauty care with effective skin therapy ingredients, and the restorative powers of CBD; creating an opulent corrective cream which also helps reverse the signs of aging.

- Our luxurious cream base is rapidly absorbed, feeding the skin with remedial nutraceuticals and carefully selected therapeutic oils.
- Skin correction is accelerated through a healing blend of proven effective ingredients such as Canadian willow complex.

INGREDIENTS:

Water, MSM (plant sulphur), willow herb extract, tamanu oil, sunflower oil, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils, CBD, chamomile, vitamins A, D & E, plant trace minerals.

ORGANIC MSM

Organic MSM (plant sulphur) is used as a carrier in our creams. MSM has been proven to increase the permeability of the skin cell walls. This enhanced absorptive quality provides greater results in a shorter time due to improved absorption of the nutrients.

Acne Cream

Formulated to be an efficacious treatment for acne. Our Acne Cream combines our boutique-quality skin care with proven healing ingredients and therapeutic CBD; creating an opulent healing cream which also helps reverse the signs of aging.

- Our luxurious cream base is rapidly absorbed, feeding the skin with remedial nutraceuticals and carefully selected therapeutic oils.
- Skin correction is accelerated through a healing blend of proven effective ingredients such as Canadian willow complex.

INGREDIENTS:

Water, MSM (plant sulphur), tamanu oil, sunflower oil, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), monolaurin, Canadian willow bark, essential oils, chamomile, vitamins A, D & E, plant trace minerals.

OPA LIFE

Our proprietary all-natural preservative 'OPA Life' has anti-bacterial and anti-fungal qualities which help to heal the skin by removing unwanted bacteria which contribute to fine lines and other skin conditions.

Pain Relief Creams

Available in both heating and soothing lavender formulations. These highly effective all-natural creams combine proven pain relief ingredients and therapeutic CBD with a nutritious blend of nutraceuticals and carefully selected therapeutic oils, creating an opulent relief cream which also helps improve skin health.

Effective in the treatment of joint and muscle pain, and skin conditions.

- Lavender oil is added for additional relief.

INGREDIENTS (HEATING):

Water, MSM (plant sulphur), sunflower oil, menthol, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils of wintergreen, lavender; chamomile, vitamins A, D & E, plant trace minerals.

INGREDIENTS (LAVENDER):

Water, MSM (plant sulphur), sunflower oil, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), lavender, essential oils, chamomile, vitamins A, D & E, plant trace minerals.

Roll-On Relief

Our highly effective all-natural creams are also available as a roll-on in both heating and soothing lavender formulations. Combining proven pain relief ingredients and therapeutic CBD with a nutritious blend of nutraceuticals and carefully selected therapeutic oils, these roll-ons provide pain relief, and also help improve skin health.

- Effective in the treatment of joint and muscle pain, and skin conditions,
- Lavender oil is added for additional relief.

Intimacy Gel

Plant based moisturizer with wild yam and luxurious natural oils.

INGREDIENTS:

Water, MSM (plant sulphur), sunflower oil, menthol, glyceryl monostearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils of wintergreen, lavender, chamomile, vitamins A, D & E, plant trace minerals.

INGREDIENTS:

Water, MSM (plant sulphur), coconut extract, wild yam extract, lecithin, oils of: aloe, coconut, sunflower, jojoba, sea buckthorn; hyaluronic acid, glyceryl stearate, stearic acid, caprylic/capric triglyceride, xanthan gum, OPA Life (organic plant acids), essential oils, chamomile, vitamins A, D & E, plant trace minerals.

500mg CBD Tincture

Formulated with the highest concentration of broad spectrum cannabinoid-rich hemp plant extract, partnered with coconut MCT oil, making the cannabinoids bioavailable in your system.

Naturalrem Wellness Tinctures may also assist in supporting inflammation, sleep complaints, headaches, migraines, joint + muscle tightness and pain, digestive complaints, and anxious feelings.

INGREDIENTS:

CBD extract 500 mg per 30ml in a base of Coconut Oil

750mg Wellness Capsules

Broad spectrum extract is derived from the hemp plant. Formulated to support the endocannabinoids system (ECS). Research suggests Hemp Extracts can help reduce Anxiety, Inflammation and Pain. Promotes overall daily health and wellness.

INGREDIENTS:

Broad spectrum cannabinoid-rich hemp plant extract, mct oil.

ANTI-FLU PROGRAM

ANTI FLU PROGRAM

Our Anti-Flu products are designed to reduce symptoms of flu, cold and stomach upset due to overgrowth of bacteria and food poisoning. May protect both humans and animals from illnesses caused by viruses, salmonella, E-Coli, clostridium and other pathogens found in air, water and foods.

OPA products are all natural, safe and very effective in helping to reduce bacteria without creating mutations.

Throat and Gum Spray

Designed to eliminate and reduce the propagation of bacteria and airborne pathogens in the throat and on the gums.

A 100% natural disinfectant, our Throat Spray contains a concentrated OPA Life (organic plant acids) blend which has been shown in lab results to be an effective anti-bacterial, anti fungal and antimicrobial agent

- Formulated to provide rapid relief from all types of throat and mouth irritation
- Reception of bacteria promotes healthy gum maintenance
- Useful as a protection against cold and flu
- Effective for daily maintenance while traveling

INGREDIENTS:

Aqua, OPA Life (organic plant acids), plant glycerin

OPA LIFE & ANTI-FLU

Today we are faced with the multiple challenges of strong bacteria, fungi and new viruses. As a result of our formulator and science team has developed a multipurpose combination of Organic Plant Acids and Extracts. This exciting new combination has been lab tested for effectiveness, and the results are surprising.

Lab results show that OPA contains very powerful anti-fungal, anti-bacterial, and anti-microbial properties. These properties show promise for gum disease, nasal disturbances, sore throat, upset stomach and very importantly unwanted bacteria & fungi in the small & large intestine.

Nasal Spray

Designed to eliminate and reduce the population of bacteria and airborne pathogens in the nasal and sinus.

A 100% natural disinfectant, our Nasal Spray contains a concentrated OPA life (organic plant acid) blend which has been shown in lab results to be an effective antibacterial, anti-fungal and antimicrobial agent.

- Formulated to provide rapid relief from all types of nasal and sinus irritation.
- Reduction of bacterial and fungi relieves irritated nasal passages and may provide relief for chronic sinus conditions.
- Useful as a protection against colds and flu
- Effective for daily maintenance while traveling

INGREDIENTS:

Aqua, OPA Life (organic plant acids), sodium chloride.

ANTI FLU PROGRAM

Daily Immune Booster

A gentle GI tract cleanse designed to keep negative anaerobic bacteria under control.

Helps to keep the GI tract in balance: this allows you to more efficiently adsorb nutrients, resulting in greater energy and endurance.

INGREDIENTS:

Aqua, OPA Life (organic plant acids), sodium chloride.

Hand Cleanser

An antibacterial, antimicrobial, and anti fungal formulation of OPA life (organic Plant Acid) and nano silver, blended with soothing aloe vera.

- Foaming disinfectant without water!
- Silver has been used successfully for thousands of years to fight bacteria in infection.
- Nano Silver has been successfully applied as an antibacterial in a variety of modern health treatments.

INGREDIENTS:

Disodium lauryl sulfosuccinate, sodium olen sulfonate, lauramidopropyl betaine, OPA Life (organic plant acids), nano silver, lavender essential oil, organic aloe vera, organic essential oils of tea tree and lemon grass.

PET CARE

PET CARE

Pet Foaming Shampoo

Our Foaming Pet Shampoo uses a 100% natural formula which conditions your pet's hair and skin, and features a therapeutic lavender infused aromatherapy, chemical free.

INGREDIENTS:

Potassium (Cocotate and Oliviate), Plant Glycerin, Natural Sudsing Agents, Soap nuts (Ayurvedic), Soap wort, Organic Oils: Jojoba, Argan

Pet Ultra Relief Cream

Our Ultra Relief Pets healing cream is beneficial for joint, muscle and skin conditions. Contains a proprietary blend of MSM (plant sulfur), vitamins A, D and E, OPA Life (organic plant acids), and essential oils.

INGREDIENTS:

MSM (plant sulphur/soufre végétal) sunflower oil/huiles de tournesol, glyceryl monostearate, CBD, stearic acid, caprylic/capric triglyceride, xanthan gum, Nutra OPA (organic plant acids/acides organiques végétaux), essential oils / huiles essentielles, chamomile, vitamins/es A, D & E

Pet Daily Detox

Natural Protection for Dogs and Cats

As our pets are subject to many sources of bacteria, fungi and pathogens, we have designed a powerful yet easy to use natural solution for these intrusions.

Created from anti-fungal and anti-bacterial organic plant extracts, Pet Daily Detox is an anti-fungal detox solution designed to protect the GI Tract from contamination by foreign bacteria and fungi.

INGREDIENTS:

Aqua Nutra OPA (complex compound of plant acids and citrus extracts) plant glycerin

Pet Ear Drops

Keeping your pets ears clean is very important to maintain good health. Our 100% natural Ear Drops for Pets treat inflammation of the external ear caused by bacterial, viral, and yeast infections. Use on a regular basis will help prevent further infections.

Ear Drops for Pets is created from anti-fungal and anti-bacterial organic plant extracts. An anti-fungal detox solution, this product is designed to protect the ear canal from contamination by foreign bacteria and fungi.

INGREDIENTS:

Aqua, peppermint, Nutra OPA (complex compound of plant acids and citrus extracts). plant glycerin.

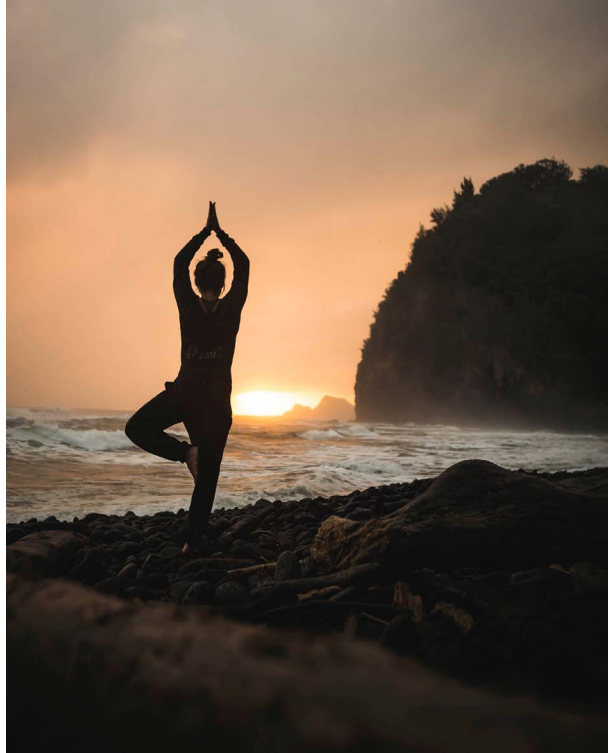

Pet Breath

Peppermint Pet Breath gives your pet minty fresh breath.

- An anti-fungal detox solution; this product is designed to kill bacteria and fungi in the mouth which cause bad breath.
- Created from anti-fungal and anti-bacterial organic plant extracts.
- 100% Natural

INGREDIENTS:

Aqua, CBD, peppermint, Nutra OPA (complex compound of plant acids and citrus extracts). plant glycerin.

OPA Life

The research on OPA Life is conclusive. Our formulation team has perfected an edible organic antibacterial preservative which helps to heal the skin. In addition to its' preservative qualities, by removing the bacteria in the fine lines, OPA Life helps to heal the skin, providing a more youthful overall look.

OPA Life Test Results

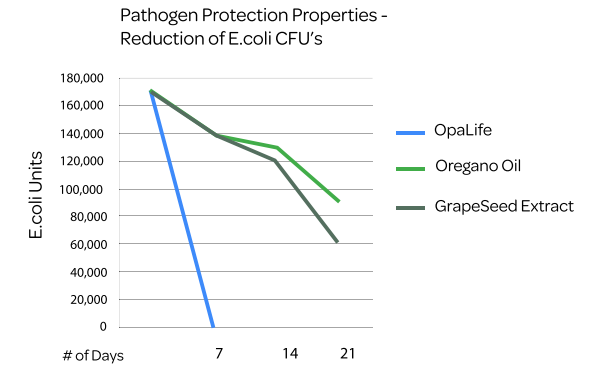

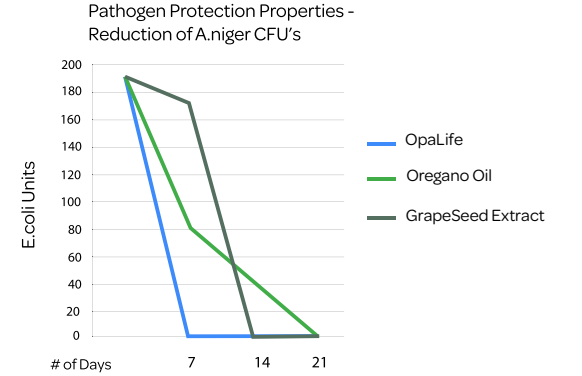

OPA Life was shown to destroy all of the five pathogens it was tested against far more effectively than the other alternatives tested. Within 7 days all pathogens OPA Life was tested against were destroyed. These pathogens did not return during the entire 28-day testing period.

“NOTE: The conductivity test (see bottom of page) demonstrated that OPA Life reduces our neuro resistance and increases the speed (velocity) with which our nerve impulses tell us what to do. In other words, the indication is that OPA LIFE may increase the efficiency of our nervous system.

USP Challenge Test

We put OPA Life through the USP Challenge test (a scientifically acknowledged test, supported with a lot of clinical evidence which shows the ability of a substance to retard the growth of tested pathogens, much like a preservative protects the contents of a bottle). Known microbial pathogens were exposed to OPA Life on microbial growth/support media.

NOTE: OPA Life is currently being used for; Internal Detox Products, Skin Care, Organic Beverages, Travel Protection. Reverse Osmosis Conductivity Test Used to measure the efficacy of a trace mineral and electrolyte or free proton source. The more drops required in the test, the weaker the product; the lower the number, the stronger the product. The OPA Life product was much stronger in conductivity than a standardized mineral solution.

Aloe Vera, Aloe Vera Oil:

The research on OPA Life is conclusive. Our formulation team has perfected an edible organic antibacterial preservative which helps to heal the skin. In addition to its' preservative qualities, by removing the bacteria in the fine lines, OPA Life helps to heal the skin, providing a more youthful overall look.

Apricot Beads:

Moisturizing effects ensure healthier, softer skin.

Avocado:

Soothes and moisturizes skin. Avocado oil is rich in essential nutrients such as Vitamin A, and glutamine (an amino acid known for its ability to offer protection from environmental damage).

Carrot Oil:

Rich in carotenoids (which are used by the body to make vitamin A), tocopherol (a fat-soluble form of vitamin E), as well as beta-carotene and antioxidants. Carrot oil has long been used in skin creams and for its healing and medicinal effects.

Cedar Essential Oil:

A natural antiseptic, cedar essential oil provides skin toning properties.

Chamomile Extract

Chamomile extract helps protect against free radicals which can damage the body. Contains antiseptic, Antioxidant & anti-inflammatory properties.

English Lavender / Lavender Essential Oil

Helps to promote sebum production, and the growth of new skin cells. Helpful for calming nerves, reducing stress, tension. Good for headache relief.

Jojoba Oil / Jojoba Beads:

A gentle moisturizer for all skin types. Jojoba oil's resemblance to sebum allows it to absorb easily and readily into your skin. Softens the skin while moisturizing and contains antibacterial and anti-inflammatory properties.

Rose Essential Oil:

Rose essential oil has antibacterial, antiseptic, and astringent properties. Perfect for sensitive, dry and aging skin, this oil moisturizes and hydrates. Reduces inflammation and redness while toning & lifting the skin.

Rosehip Oil:

For thousands of years, rosehip oil has been used as skin treatment for its ability to help rebuild skin tissue. Contains anti-wrinkle, and anti-aging properties. Promotes youthful appearance.

Sea Buckthorn Oil:

Helps reverse damaging short-term effects and minimizes long term effects of sun exposure. Reduces wrinkles, relieves dryness, helps to lighten dark spots, and soothes skin inflammation. Reacts well to any type of skin, and provides long term anti-inflammatory, restorative and revitalizing benefits.

Sunflower Oil:

Contains significant concentration of saturated fatty acids, as well as vitamins A, B, D, and E. Rich in antioxidants which assist in preventing premature signs of aging and are beneficial to the appearance and health of your skin.

Ylang Ylang Essential Oil:

Ylang Ylang is a natural skin balancer which has been proven to correct both dry and oily skin

Alpha Lipoic Acid:

A powerful antioxidant which protects levels of other antioxidants, like vitamin C and E from depletion while working to increase their levels. Alpha Lipoic Acid is much more potent than vitamin C and E, helps to reduce puffiness under eyes and shrinks enlarged pores. Promotes a healthy glowing appearance.

Caprylic Triglyceride: (Coconut based)

Establishes a barrier on the skin's surface, which decreases the amount of moisture lost through the skin. Caprylic Triglyceride acts as a skin conditioning agent and helps prevent dry skin.

Coenzyme Q10:

Helps skin produce collagen and elastin. This improves the firmness, smoothness and flexibility of your skin. Reduces inflammation, augments antioxidant action of vitamin C.

DMAE:

Enhances and maintains tone and firmness to face and neck, providing the effect of an instant face-lift which lasts for at least twelve hours. Repeated and sustained use through day and evening treatments extends benefits.

Fulvic Acid:

Anti-microbial and anti-inflammatory. Fulvic acid is rich in fatty acids, hormones, vitamins, minerals, ketones, and flavonoids. These nutrients are needed for healthy cell and body development.

Silica:

Boosts the skin's capacity to retain moisture, supports collagen health and increases connective tissue resilience.

Hyaluronic Acid:

Collagen is vital to maintaining the skin's health. While collagen gives the skin its firmness, it is hyaluronic acid which sustains and hydrates the collagen. Hyaluronic acid binds up to 1000 times its weight in water, providing continuous moisture to the skin. The capability of skin to naturally produce hyaluronic acid decreases with age.

MSM (Edible Plant Sulphur):

An important element for all cells and body tissues. MSM creates a flexible bond between proteins, which helps improve skin elasticity, promoting youthful appearance. The small molecular size of MSM improves the absorption of the nutraceuticals in our serums and creams.

OPA Life (Organic Plant Acid Extracts):

OPA Life helps keep the skin clean and detoxified. The antibacterial and anti-fungal properties of OPA Life make it an unsurpassed natural preservative. These properties also help reduce fine lines.

Plant Trace Minerals:

Support skin repair, nourishes and moisturizes skin tissues at the cellular level.

Retinol:

Promotes the release of collagen, which plumps wrinkles while contributing to youthful fullness and tone. Retinol also protects the skin from collagenase - an enzyme triggered by sunlight which is known to break down collagen.

Vitamin A:

Vitamin A has been shown to reduce the appearance of wrinkles and other signs of skin aging by helping increase the production of skin components such as collagen and glycosaminoglycan. Treatment with vitamin A helps the skin retain water and form new skin cells encouraging a hydrated and youthful appearance.

Vitamin C Ester:

Key to collagen production, Vitamin C Ester helps restore skin elasticity, while protecting skin from damaging effects of free radicals and inflammation.

Vitamin C: see C-Ester:

C-Ester is the premium variant of Vitamin C for skin care.

Vitamin E:

A potent antioxidant, Vitamin E helps prevent premature aging, while supporting new skin cell growth and helping to accelerate cell regeneration. Vitamin E boosts collagen production, increasing the connective tissue that keeps the skin elastic. Vitamin E also blocks damage associated with free radicals, preventing the formation of wrinkles. Proven to protect the skin from sunburn and ultraviolet rays. Vitamin E is also known to help reduce scarring.

Decyl Glucoside:

Decyl Glucoside is a natural, non-ionic surfactant, ideal for all foaming and cleansing products. Obtained from renewable raw plant materials, it is a combination of plant based fatty alcohols (coconut c8-16) and glucose (corn starch).

Glycerol Monostearate:

Forms a barrier on the skin's surface. This barrier both increases skin hydration levels, and slows the loss of water from the skin.

Guar Gum:

Used as a thickener, and for its protective properties in our skin care products. Sourced from the guar bean.

Lauryl Glucoside:

Derived from coconut oil (lauryl) and sugar (glucose), lauryl glucoside (lauryl diglucoside) biodegrades quickly, and is one of the most gentle surfactants available.

Plant Glycerin:

Helps to restore moisture levels in your skin and prevent dryness. Glycerin assists in keeping harmful chemicals out of your skin, and much-needed moisture in by boosting the skin barrier.

Stearic Acid: (Plant Sourced)

Found naturally in the protective outer layer of our skin, stearic acid helps maintain our skin's natural moisture while protecting the skin from pathogens and germs.

Vitamin D:

Vitamin D directly benefits your skin, mobilizing your skin's immune system and helping destroy free radicals that can contribute to premature aging. Vitamin D is also vital for skin cell development and repair, helping to preserve skin softness, health, and youthful appearance.

Cream Base:

Coconut Betaine: Derived from Coconut Oil, Coco Betaine (Cocamidopropyl Betaine) is used to help naturally and gently cleanse while offering a silky-smooth feel.
